5 or that the bill already contains a provision that increases the appropriation under
6 s. 20.855 (4) (em) in an amount equal to the amount of corrections capital and
7 operational costs for the fiscal year in which those costs are estimated to be the

9 This subsection does not apply to highway contracts which the county highway
10 committee or the county highway commissioner is authorized by law to let or make.

11 **SECTION 2577nm.** 59.52 (29) (c) to (f) of the statutes are created to read:

12 59.52 (29) (c) 1. In this subsection, “design–build construction process” means
13 a procurement process under which the engineering, design and construction
14 services are provided by a single entity under a process described under par. (d).

15 2. Any public works contract described in par. (a), the estimated cost of which
16 exceeds \$3,000,000, may be let by a county with a population of at least 500,000 using
17 the design–build construction process.

18 (d) If a county with a population of at least 500,000 wishes to construct a public
19 work using the design–build construction process, the county shall use a selection

23 that describes the space needs and design goals for the project, detailed submission

13 representatives from the county entity that will use the facility that is to be
14 constructed under the selection process described in this paragraph.

15 3. The county shall make a final selection from among the teams selected under
16 subd. 2. if the county determines that at least one of the teams selected as a finalist
17 under subd. 2. will be able to construct the public work in a way that is satisfactory
18 to the county. The final selection shall be made following interviews and
19 presentations from the finalists, based on criteria that are published as a class 1
20 notice under ch. 985. The notice shall state the weight that is given to each criterion.
21 The criteria to be used in making a final selection under this subdivision may include
22 the quality of the proposed design, the construction approach to be used to complete

24 statement described under subd. 1., the proposed management plan for the project,
25 the estimated cost of the project and a guaranteed maximum price for the project.

13 construction process is used, a person who is awarded such a contract by a district
14 shall agree, as a condition to receiving the contract, that his or her goal shall be to
15 ensure that at least 25% of the employees hired because of the contract will be
16 minority group members and at least 5% of the employees hired because of the
17 contract will be women if the contract is for the construction of any part of baseball
18 park facilities.

19 3. It shall be a goal of the board to ensure that at least 25% of the aggregate

4 under subd. 3. a. and b., to award at least 25% of the dollar value of such contracts
5 to minority businesses and at least 5% of the dollar value of such contracts to
6 women's businesses.

7 5. a. The board shall ensure that, for construction work and professional
8 services contracts, a person who is awarded such a contract by the board shall agree,

4 4., the person hired under this subd. 6. a. shall assess whether the board or contractor
5 made a good faith effort to reach the goals. In determining whether a good faith effort
6 was made to meet the goals, the person hired shall consider all of the factors listed
7 in subd. 7.

8 7. a. The supply of eligible minority businesses and women's businesses that
9 have the financial capacity, technical capacity and previous experience in the areas
10 in which contracts were awarded.

11 b. The competing demands for the services provided by eligible minority
12 businesses and women's businesses, as described in this subd. 7. a., in areas in which
13 contracts were awarded.

14 c. The extent to which the board or contractors advertised for and aggressively
15 solicited bids from eligible minority businesses and women's businesses, as described
16 in this subd. 7. a., and the extent to which eligible minority businesses and women's
17 businesses submitted bids.”.

18 bargaining on which the municipal employer was not required to bargain that
19 existed in the previous collective bargaining agreement between the parties or that
20 existed on the 90th day prior to the expiration of the previous collective bargaining
21 agreement between the parties.

22 **SECTION 2035n.** 111.70 (1) (nd) of the statutes is created to read:

23 111.70 (1) (nd) “Qualified economic offer issues” means salaries, extra-duty
24 pay, health insurance, major medical insurance, dental insurance, life insurance,
25 disability insurance, vision insurance, long-term care insurance, worker’s

1 compensation and unemployment insurance, federal old-age, survivors, disability
2 and health insurance under Titles II and XVIII of the federal Social Security Act,
3 retirement contributions and supplemental retirement benefits.

4 **SECTION 2035p.** 111.70 (4) (cm) 5s. of the statutes is renumbered 111.70 (4) (cm)
5 5s. a. and amended to read:

6 111.70 (4) (cm) 5s. a. In a collective bargaining unit consisting of school district
7 professional employees, the municipal employer or the labor organization may
8 petition the commission to determine whether the municipal employer has
9 submitted a qualified economic offer. The commission shall appoint an investigator
10 for that purpose. If the investigator, using the methodology prescribed under subd.
11 8t., finds that the municipal employer has submitted a qualified economic offer, the
12 investigator shall determine whether a deadlock exists between the parties with
13 ~~respect to all economic issues.~~ If the municipal employer submits a qualified
14 economic offer applicable to any period beginning on or after July 1, 1993 1999, no
15 qualified economic offer issues are subject to interest arbitration under subd. 6. for
16 that period. ~~In such a collective bargaining unit, economic issues concerning the~~
17 ~~wages, hours or conditions of employment of the school district professional employees~~
18 ~~in the unit for any period prior to July 1, 1993, are subject to interest arbitration~~
19 ~~under subd. 6. for that period.~~ In such a collective bargaining unit, noneconomic
20 issues other than qualified economic offer issues applicable to any period on or after
21 July 1, 1993 1999, are subject to interest arbitration after the parties have reached
22 agreement and stipulate to agreement on all qualified economic offer issues
23 ~~concerning the wages, hours or conditions of employment of~~ affecting the school
24 district professional employees in the unit for that period. In such a collective
25 bargaining unit, if the commission's investigator finds that the municipal employer

1 has submitted a qualified economic offer and that a deadlock exists between the
2 parties with respect to all economic issues, the municipal employer may implement
3 the qualified economic offer. On the 90th day prior to expiration of the period
4 included within the qualified economic offer, if no agreement exists on that day, the
5 parties are deemed to have stipulated to the inclusion in a new or revised collective
6 bargaining agreement of all provisions of any predecessor collective bargaining
7 agreement concerning qualified economic offer issues, or of all provisions of any
8 existing collective bargaining agreement concerning qualified economic offer issues
9 if the parties have reopened negotiations under an existing agreement, as modified
10 by the terms of the qualified economic offer and as otherwise modified by the parties.
11 In such a collective bargaining unit, on and after that 90th day, a municipal employer
12 that refuses to bargain collectively with respect to the terms of that stipulation,
13 applicable to the 90-day period prior to expiration of the period included within the
14 qualified economic offer, does not violate sub. (3) (a) 4. Any such unilateral
15 implementation after ~~August 11, 1993~~ June 30, 1999, or the effective date of this
16 subd. 5s. a., whichever is later, during the 90-day period prior to expiration of the
17 period included within a qualified economic offer, operates as a full, final and
18 complete settlement of all qualified economic offer issues between the parties for the
19 period included within the qualified economic offer. The failure of a labor
20 organization to recognize the validity of such a lawful qualified economic offer does
21 not affect the obligation of the municipal employer to submit qualified economic offer
22 issues to arbitration under subd. 6. If the investigator determines that the municipal
23 employer has not submitted a qualified economic offer, either the municipal
24 employer or the labor organization may petition for arbitration under subd. 6. to
25 resolve any dispute relating to qualified economic offer issues.

4 “**SECTION 2165v.** 125.54 (3) of the statutes is created to read:

5 125.54 (3) HEARING FEES. The department may, by rule, establish and collect
6 from persons holding a permit issued under this section annual fees in amounts
7 necessary to reimburse the department for expenses incurred under s. 227.43 (3) (f)
8 and (4) (f).

9 **SECTION 2165x.** 125.72 of the statutes is created to read:

10 **125.72 Relationships between wholesalers and suppliers of**
11 **intoxicating liquor. (1e)** LEGISLATIVE FINDINGS. The legislature finds that the
12 3–tier system for distributing intoxicating liquor to the public has existed in
13 Wisconsin for over 60 years and continues to be necessary to promote the public
14 health, safety and welfare; that the 3–tier system was established, among other
15 reasons, to prevent suppliers from controlling pricing and distribution in a manner
16 that harms the interests of the citizens of this state; that a stable and healthy middle
17 tier of the 3–tier system, the wholesaler, is integral to the 3–tier system because the
18 middle tier prevents supplier control of pricing and distribution and provides an
19 efficient and effective means of tax collection; that significant consolidation of
20 market power has occurred at the supplier level; that the number of wholesalers in
21 this state has declined significantly between 1979 and 1999, increasing the risk of
22 supplier control of pricing and distribution of intoxicating liquor; and that this
23 section is necessary to maintain a stable and healthy middle tier. The legislature
24 further finds that relationships between intoxicating liquor wholesalers and

1 suppliers have been subject to state regulation since the enactment of the 21st
2 Amendment to the U.S. Constitution and that the parties to those relationships
3 expect changes in state legislation regarding those relationships.

4 **(1m) APPLICABILITY.** (a) The effect of this section may not be varied by contract
5 or agreement. Any contract or agreement purporting to do so is void and
6 unenforceable to that extent only. Provisions of a relationship that prevent a
7 wholesaler, through choice of law or forum provisions, from bringing an action or
8 filing a notice of contest in this state under this section are void and unenforceable
9 to that extent only.

10 (b) This section applies to all relationships, regardless of when the
11 relationships were entered into, except that this section does not apply to a
12 relationship in which the volume of the business done by a wholesaler with a supplier
13 and the supplier's affiliates does not exceed 5% of the wholesaler's total business
14 volume.

15 **(1s) DEFINITIONS.** In this section:

16 (a) "Altered product" means an existing product that is all of the following:

17 1. Altered by age, by alcohol content, by blend mixture, by flavor or in some
18 other way.

19 2. Principally identified by a trademark, trade name, logotype or other
20 commercial symbol used to identify an existing product.

21 (am) "Existing product" means intoxicating liquor that is distributed in the
22 United States before or on the effective date of this paragraph [revisor inserts
23 date].

24 (ar) "Geographic area" means the area in which a wholesaler is both authorized
25 to sell intoxicating liquor under a relationship and has sold intoxicating liquor.

(b) “Good cause” means any of the following:

1. Failure by a wholesaler to comply substantially with essential and reasonable requirements imposed upon the wholesaler by the supplier, or sought to be imposed by the supplier, which requirements are not discriminatory as compared with requirements imposed on other similarly situated wholesalers either by their terms or in the manner of their enforcement.

2. Bad faith by the wholesaler in carrying out the terms of the relationship.

(c) “Goodwill” includes use of a trademark, trade name, logotype or other commercial symbol, and use of a variation of a trademark, trade name, logotype, advertisement or other commercial symbol.

(cm) “Intoxicating liquor” has the meaning given in s. 125.02 (8), but does not include wine.

(d) “New product” means intoxicating liquor that is all of the following:

1. First distributed in the United States after the effective date of this subdivision [revisor inserts date].

2. Not an altered product.

(e) “Relationship” means a written or oral contract or agreement, express or implied, between a supplier and a wholesaler that grants the wholesaler the right to purchase intoxicating liquor from the supplier for resale in this state.

(f) “Supplier” means any person, other than a wholesaler, who sells intoxicating liquor to a wholesaler.

(g) “Transferee” means a person who acquires any asset or activity of a supplier’s business and who uses the goodwill associated with the supplier’s goods.

(2) CHANGE OF RELATIONSHIP. (a) A supplier may not do any of the following:

1 1. Terminate, cancel, fail to renew or substantially change a relationship
2 without good cause. The supplier bears the burden of proving good cause and that
3 the change is not substantial.

4 2. Substantially change the competitive circumstances of a wholesaler's
5 business without good cause. The supplier bears the burden of proving good cause
6 and that the change is not substantial.

7 3. Appoint more than one wholesaler to resell an existing product in a
8 geographic area in which there was only one wholesaler reselling that existing
9 product in that geographic area in the 12 months preceding the effective date of this
10 subdivision [revisor inserts date].

11 4. Except as provided in par. (b), refuse to sell an altered product or new product
12 to a wholesaler who has entered into a relationship with the supplier.

13 (b) A supplier who has relationships with more than one wholesaler in the same
14 geographic area shall offer an altered product only to a wholesaler who previously
15 resold the existing product principally identified by the same trademark, trade
16 name, logotype or other commercial symbol used to identify the altered product.

17 (c) A change in the ownership or management of a wholesaler or of a
18 wholesaler's business is not good cause if the changed ownership or management
19 meets the supplier's reasonable and material qualifications for wholesaler
20 applicants in effect at the time of the change.

21 **(3) NOTICE OF TERMINATION OR CHANGE IN RELATIONSHIP.** (a) 1. Except as provided
22 in subds. 2. and 3., a supplier shall provide a wholesaler at least 90 days' prior written
23 notice of termination, cancellation, nonrenewal or substantial change in the
24 relationship or a substantial change in the competitive circumstances of the
25 wholesaler's business. The notice shall be given by certified mail or personal service

1 to the wholesaler and to the secretary of the department. The notice shall state all
2 of the supplier's reasons for terminating, canceling, not renewing or substantially
3 changing the relationship or substantially changing in the competitive
4 circumstances of the wholesaler's business. The wholesaler shall have 60 days after
5 receiving the notice in which to correct any claimed deficiency. If the wholesaler
6 corrects the deficiency within 60 days after receiving the notice, the notice is void.

7 2. If the reason is nonpayment of sums owed, the wholesaler shall have only
8 10 days to correct the deficiency.

9 3. No notice is required under this subsection for the termination, cancellation,
10 nonrenewal or substantial change of a relationship caused by an assignment for the
11 benefit of creditors or bankruptcy.

12 (b) 1. Within the time period for remedying any claimed deficiency, the
13 wholesaler may file a written request with the division of hearings and appeals in
14 the department of administration for a hearing and serve the supplier and the
15 secretary of revenue by certified mail or in person, with a notice of the contested
16 action. Service of notice stays any action proposed by the supplier in the notice
17 provided under par. (a) 1. If the supplier files a motion with the division of hearings
18 and appeals to allow the action to proceed, the division of hearings and appeals shall,
19 within 20 days after receiving that notice, hold a hearing to determine whether the
20 action should proceed.

21 2. The division of hearings and appeals shall conduct a contested case hearing
22 on the matter, as provided in ch. 227, within 180 days after the filing of a notice of
23 contest and shall determine whether the supplier has met the requirements of this
24 subsection and sub. (2).

1 3. If the division of hearings and appeals, after a hearing, determines the
2 supplier has failed to comply with this subsection or sub. (2), the relationship
3 between the supplier and the wholesaler is still in effect. The department may
4 revoke or refuse to renew the out-of-state shippers' permit of a supplier that fails
5 to comply with the terms of the relationship or may refuse to grant an out-of-state
6 shippers' permit to such a supplier. If the division of hearings and appeals, after a
7 hearing, determines that a transferee has failed to comply with this subsection or
8 sub. (2), the transferee shall comply with the terms of the relationship between the
9 supplier and the wholesaler. The department may revoke or refuse to renew the
10 out-of-state shippers' permit of a transferee that fails to comply with the terms of
11 the relationship, or may refuse to grant an out-of-state shippers' permit to such a
12 transferee.

13 3m. If the wholesaler prevails at the hearing, the wholesaler shall be awarded
14 its actual costs incurred in the hearing, including reasonable attorney fees. The
15 losing party shall pay to the division of hearings and appeals the costs of the hearing,
16 as determined under s. 227.43 (3) (f).

17 4. Any person aggrieved by a decision of the division of hearings and appeals
18 may seek judicial review under ss. 227.53 to 227.58 in the circuit court in the county
19 in which the wholesaler's premises is located.

20 **(4) LIABILITY OF TRANSFEEE.** A transferee of a supplier's business shall comply
21 with the requirements under subs. (2) and (3).

22 **(5) ACTION FOR DAMAGES AND INJUNCTIVE RELIEF.** A wholesaler may bring an
23 action to enjoin any violation of sub. (2), (3) or (4) to compel compliance with those
24 subsections, and in the same action may recover the damages, together with costs
25 including reasonable, actual attorney fees, notwithstanding s. 814.04 (1).

20 provider sells to its retail customers or members and that is supplied by renewable
21 facilities owned or operated by the electric provider.

5 transmission company to begin operations no later than November 1, 2000.

6 b. Subject to any approval required under state or federal law, contract with
7 each transmission utility that has transferred transmission facilities to the
8 transmission company for the transmission utility to provide reasonable and
9 cost-effective operation and maintenance services to the transmission company
10 during the 3-year period after the transmission company first begins operations.
11 The transmission company and a transmission utility may, subject to any approval
12 required under federal or state law, agree to an extension of such 3-year period.

13 c. Assume the obligations of a transmission utility that has transferred
14 ownership of its transmission facilities to the transmission company under any
15 agreement by the transmission utility to provide transmission service over its
16 transmission facilities or credits for the use of transmission facilities, except that the
17 transmission company may modify such an agreement to the extent allowed under
18 the agreement and to the extent allowed under state or federal law.

19 d. Apply for membership in the Midwest independent system operator as a
20 single zone for pricing purposes that includes the transmission area and, upon a
21 determination by the commission under sub. (2) (d) that the Midwest independent
22 system operator has begun operations, transfer operational control of the
23 transmission company's transmission facilities to the Midwest independent system
24 operator.

1 e. Remain a member of the Midwest independent system operator, or any
2 independent system operator or regional transmission organization that has been
3 approved under federal law to succeed the Midwest independent system operator, for
4 at least the 6-year transition period that is specified in the agreement conditionally
5 approved by the federal energy regulatory commission that establishes the Midwest
6 independent system operator.

7 f. Except as provided in subd. 4., elect to be included in a single zone for the
8 purpose of any tariff administered by the Midwest independent system operator.

9 2. The transmission company may not do any of the following:

10 a. Sell or transfer its assets to, or merge its assets with, another person, unless
11 the assets are sold, transferred or merged on an integrated basis and in a manner
12 that ensures that the transmission facilities in the transmission area are planned,
13 constructed, operated, maintained and controlled as a single transmission system.

14 b. Bypass the distribution facilities of an electric utility or provide electric
15 service directly to a retail customer.

16 c. Own electric generation facilities or sell, market or broker electric capacity
17 or energy in a relevant wholesale or retail market as determined by the commission,
18 except that, if authorized or required by the federal energy regulatory commission,
19 the transmission company may procure or resell ancillary services obtained from 3rd
20 parties, engage in redispatch activities that are necessary to relieve transmission
21 constraints or operate a control area.

22 3. Notwithstanding subd. 1. a., the transmission company may not begin
23 operations until it provides an opinion to the commission from a nationally
24 recognized investment banking firm that the transmission company is able to

1 finance, at a reasonable cost, its start-up costs, working capital and operating
2 expenses and the cost of any new facilities that are planned.

3 4. If the transmission charges or rates of any transmission utility in the
4 transmission area are 10% or more below the average transmission charges or rates
5 of the transmission utilities in the transmission area on the date, as determined by
6 the commission, that the last public utility affiliate files a commitment with the
7 commission under sub. (5) (a) 2., the transmission company shall, after consulting
8 with each public utility affiliate that has filed a commitment under sub. (5) (a) 2.,
9 prepare a plan for phasing in a combined single zone rate for the purpose of pricing
10 network use by users of the transmission system operated by the Midwest
11 independent system operator and shall seek plan approval by the federal energy
12 regulatory commission and the Midwest independent system operator. A plan under
13 this subdivision shall phase in an average-cost price for the combined single zone in
14 equal increments over a 5-year period, except that, under the plan, transmission
15 service shall be provided to all users of the transmission system on a single-zone
16 basis during the phase-in period.

17 (b) *Powers.* The transmission company may do any of the following:

18 1. Subject to the approval of the commission under s. 196.491 (3), construct and
19 own transmission facilities, including high-voltage transmission lines, as defined in
20 s. 196.491 (1) (f), in the transmission area or in any other area of the state in which
21 transmission facilities that have been contributed to the transmission company are
22 located. This subdivision does not affect the right or duty of an electric utility that
23 is not located in the transmission area or that has not contributed its transmission
24 facilities to the transmission company to construct or own transmission facilities.

1 2. Subject to any approval required under state or federal law, purchase or
2 acquire transmission facilities in addition to the transmission facilities contributed
3 under sub. (5) (b).

4 (c) *Organization.* The articles of organization, as defined in s. 183.0102 (1), of
5 a transmission company that is organized as a limited liability company under ch.
6 183 or the bylaws of a transmission company that is organized as a corporation under
7 ch. 180 shall provide for each of the following:

8 1. That the transmission company has no less than 5 nor more than 14
9 managers or directors, except that the articles of organization or bylaws may allow
10 the requirements of this subdivision to be modified upon a unanimous vote of the
11 managers or directors during the 10–year period after the organizational start–up
12 date or upon a two–thirds vote of the board of directors or managers after such
13 10–year period.

14 2. That at least 4 managers or directors of the transmission company have
15 staggered 4–year terms, are elected by a majority vote of the security holders and are
16 not directors, employees or independent contractors of a person engaged in the
17 production, sale, marketing, transmission or distribution of electricity or natural gas
18 or of an affiliate of such a person.

19 3. That, during the 10–year period after the organizational start–up date, each
20 of the following is satisfied, subject to the limitation on the number of managers or
21 directors under subd. 1.:

22 a. Each nontransmission utility security holder that owns 10% or more of the
23 outstanding voting securities of the transmission company may appoint one
24 manager or director of the transmission company for a one–year term, except that

1 the requirements of this subd. 3. a. may be modified upon a unanimous vote of the
2 managers or directors.

3 b. Each group of nontransmission utility security holders that, as a group, owns
4 10% or more of the outstanding voting securities of the transmission company may
5 appoint one manager or director of the transmission company for a one-year term
6 if the group has entered into a written agreement regarding the appointment and the
7 group files the agreement with the secretary of the transmission company, except
8 that the requirements of this subd. 3. b. may be modified upon a unanimous vote of
9 the managers or directors.

10 c. Each person that receives at least 5% of the voting securities of the
11 transmission company under sub. (6) (a) or (b) may appoint one manager or director
12 of the transmission company for a one-year term if the person continues to hold at
13 least a 5% equity interest in the transmission company during the one-year term.

14 d. Each transmission utility security holder may appoint one manager or
15 director of the transmission company for a one-year term.

16 4. That, during the 5-year period after the organizational start-up date, no
17 public utility affiliate that contributes transmission facility assets to the
18 transmission company under sub. (5) (b) and no affiliate of such a public utility
19 affiliate may increase its percentage share of the outstanding securities of the
20 transmission company prior to any initial issuance of securities by the transmission
21 company to any 3rd party other than a 3rd party exercising its right to purchase
22 securities under sub. (6) (b), except that this subdivision does not apply to securities
23 that are issued by the transmission company in exchange for transmission facilities
24 that are contributed in addition to the transmission facilities that are contributed

1 under sub. (5) (b) and except that the requirements of this subdivision may be
2 modified upon a unanimous vote of the managers or directors.

3 5. That, beginning 3 years after the organizational start-up date, any holder
4 of 10% or more of the securities of the transmission company may require the
5 transmission company to comply with any state or federal law that is necessary for
6 the security holder to sell or transfer its shares.

7 (d) *Commission jurisdiction.* The transmission company is subject to the
8 jurisdiction of the commission except to the extent that it is subject to the exclusive
9 jurisdiction of the federal energy regulatory commission.

10 **SECTION 2335ud.** 196.485 (4) (a) (intro.) of the statutes is amended to read:

11 196.485 (4) (a) (intro.) A Except as provided in par. (am), a transmission utility
12 may not transfer control over, or divest its interest in, its transmission facilities to
13 an independent system operator or independent transmission owner unless, to the
14 satisfaction of the commission, each of the following requirements is satisfied:

15 **SECTION 2335uf.** 196.485 (4) (am) of the statutes is created to read:

16 196.485 (4) (am) Each transmission utility in the transmission area that is a
17 public utility shall become a member of the Midwest independent system operator
18 no later than June 30, 2000, and shall transfer operational control over its
19 transmission facilities to the Midwest independent system operator. Each such
20 transmission utility that has not contributed its transmission facilities to the
21 transmission company shall elect to become part of the single zone for pricing
22 purposes within the Midwest independent system operator and any phase-in plan
23 prepared under sub. (3m) (a) 4.

24 **SECTION 2335uh.** 196.485 (5) of the statutes is created to read:

1 196.485 (5) PUBLIC UTILITY AFFILIATES. (a) *Asset cap exception.* Section 196.795
2 (6m) (e) does not apply to the eligible assets of a nonutility affiliate in a holding
3 company system unless each public utility affiliate in the holding company system
4 does each of the following:

5 1. Petitions the commission and the federal energy regulatory commission to
6 approve the transfer of operational control of all the public utility affiliate's
7 transmission facilities in this state and in Iowa, Michigan, Minnesota and Illinois to
8 the Midwest independent system operator.

9 2. Files with the commission an unconditional, irrevocable and binding
10 commitment to contribute, no later than June 30, 2000, all of the transmission
11 facilities that the public utility affiliate owns or operates in this state on the effective
12 date of this subdivision [revisor inserts date], and land rights, to the transmission
13 company. A filing under this subdivision shall specify a date no later than June 30,
14 2000, on which the public utility affiliate will complete the contribution of
15 transmission facilities.

16 3. Files with the commission an unconditional, irrevocable and binding
17 commitment to contribute, and to cause each entity into which it merges or
18 consolidates or to which it transfers substantially all of its assets to contribute, any
19 transmission facility in this state the ownership or control of which it acquires after
20 the effective date of this subdivision [revisor inserts date], and land rights, to the
21 transmission company.

22 4. Notifies the commission in writing that the public utility affiliate has become
23 a member of the Midwest independent system operator, has agreed to transfer its
24 transmission facilities to the Midwest independent system operator and has
25 committed not to withdraw its membership prior to the date on which the public

1 utility affiliate contributes transmission facilities to the transmission company
2 under par. (b).

3 5. Petitions the commission and the federal energy regulatory commission to
4 approve the contributions specified in subds. 2. and 3. and agrees in such a petition
5 not to withdraw the petition in the event that the commission or the federal energy
6 regulatory commission conditions its approval on changes that are consistent with
7 state or federal law.

8 (b) *Contribution of transmission facilities.* 1. A public utility affiliate may not
9 contribute a transmission facility to the transmission company until the commission
10 has reviewed the terms and conditions of the transfer to determine whether the
11 transfer satisfies the requirements of this subsection and has issued an order
12 approving or modifying the terms and conditions of the transfer. An order under this
13 subdivision that modifies the terms and conditions of a transfer may allow a public
14 utility affiliate to recover in retail rates any adverse tax consequences of the transfer
15 as a transition cost.

16 2. The transmission company and a public utility affiliate that files a
17 commitment to contribute transmission facilities under par. (a) 2. shall structure the
18 transfer of the transmission facilities in a manner that satisfies each of the following:

19 a. The structure of the transfer avoids or minimizes the material adverse tax
20 consequences to the public utility affiliate that result from the transfer and avoids
21 or minimizes material adverse consequences on public utility rates that do not arise
22 out of combining the transmission company's facilities into a single zone in the
23 Midwest independent system operator.

24 b. To the extent practicable, the structure of the transfer satisfies the
25 requirements of the Internal Revenue Service for a tax-free transfer.

1 3. The requirements under subd. 2. b. shall, if practicable, be satisfied by the
2 transmission company's issuance of a preferred class of securities that provides the
3 fixed-cost portion of the resulting capital structure of the transmission company.
4 The transmission company shall issue preferred securities under this subdivision on
5 a basis that does not dilute the voting rights of the initial security holders relative
6 to the value of their initial contributions.

7 4. If the transfer of transmission assets under this paragraph results in a
8 capital structure of the transmission company in which the percentage of common
9 equity is materially higher than that of the public utility affiliates who made the
10 transfer, or if the cost of the fixed-cost portion of the capital structure of the
11 transmission company is materially higher than that of the public utility affiliates
12 who made the transfer, the public utility affiliates shall enter into a contract with the
13 transmission company under which the public utility affiliates agree to accept from
14 the transmission company a return on common equity based upon the equity rate of
15 return approved by the federal energy regulatory commission and upon an imputed
16 capital structure that assigns to a portion of the public utility affiliates' common
17 equity holdings an imputed debt return that is consistent with the requirements of
18 this subdivision. A contract under this subdivision shall specify that the public
19 utility affiliates shall be required to accept the return on common equity described
20 in this subdivision only until such time that the federal energy regulatory
21 commission determines that the actual capital structure and capital costs of the
22 transmission company are appropriate and consistent with industry practice for a
23 regulated public utility that provides electric transmission service in interstate
24 commerce.

1 5. If, at the time that a public utility affiliate files a commitment under par. (a)
2 2., the public utility affiliate has applied for or obtained a certificate of public
3 convenience and necessity under s. 196.491 (3) or a certificate under s. 196.49 for the
4 construction of transmission facilities, the public utility affiliate shall do each of the
5 following:

6 a. Proceed with diligence with respect to obtaining the certificate and, except
7 as provided in subd. 6., constructing the transmission facilities.

8 b. If the commission determines that the cost of the transmission facilities is
9 reasonable and prudent, transfer the transmission facilities to the transmission
10 company at net book value when construction is completed in exchange for additional
11 securities of the transmission company on a basis that is consistent with the
12 securities that were initially issued to the public utility affiliate.

13 6. If the construction of a transmission facility specified in subd. 5. a. is not
14 completed within 3 years after a certificate is issued for the transmission facility
15 under s. 196.49 or 196.491 (3), the transmission company may assume responsibility
16 for completing construction of the transmission facility. If the transmission company
17 assumes responsibility for completing construction under this subdivision, the
18 transmission company shall carry out any obligation under any contract entered into
19 by the public utility with respect to the construction until the contract is modified or
20 rescinded by the transmission company to the extent allowed under the contract.

21 7. Any transmission facilities that are contributed to the transmission
22 company shall be valued at net book value at the time of the transfer.

23 (bm) *Lease of transmission facilities.* If a public utility affiliate is not able to
24 contribute its transmission facilities to the transmission company as required under
25 par. (b) due to merger-related accounting requirements, the public utility affiliate

1 shall transfer the transmission facilities to the transmission company under a lease
2 for the period of time during which the accounting requirements are in effect and,
3 after such requirements are no longer in effect, contribute the transmission facilities
4 to the transmission company under par. (b). A public utility affiliate that transfers
5 transmission facilities under a lease under this paragraph does not qualify for the
6 asset cap exception under par. (a) unless, during the term of the lease, the public
7 utility affiliate does not receive any voting interest in the transmission company.

8 (c) *Contribution of land rights.* 1. A public utility affiliate that commits to
9 contributing land rights to the transmission company under par. (a) 2. shall do each
10 of the following:

11 a. Except as provided in subd. 2., if the land right is assigned to a transmission
12 account for rate-making purposes and is not jointly used for electric and gas
13 distribution facilities by the public utility affiliate, the public utility affiliate shall
14 convey or assign at book value all of its interest in the land right to the transmission
15 company, except that any conveyance or assignment under this subd. 1. a. shall be
16 subject to the rights of any joint user of the land right and to the right of the public
17 utility affiliate to nondiscriminatory access to the real estate that is subject to the
18 land right.

19 b. If the land right is jointly used, or is intended to be jointly used, for electric
20 and gas distribution facilities by the public utility affiliate, the public utility affiliate
21 shall enter into a contract with the transmission company that grants the
22 transmission company a right to place, maintain, modify or replace the transmission
23 company's transmission facilities on the real property that is subject to the land right
24 during the life of the transmission facilities and the life of any replacements of the
25 transmission facilities. A right granted in a contract under this subd. 1. b. shall be

1 paramount to the right of any other user of the land right, except that a right granted
2 in such a contract shall be on par with the right of the public utility affiliate to use
3 the land right for electric or gas distribution facilities.

4 2. If a public utility affiliate is prohibited from making a conveyance or
5 assignment described in subd. 1. a., the public utility affiliate shall enter into a
6 contract with the transmission company that grants the transmission company
7 substantially the same rights as under such a conveyance or assignment. For
8 purposes of a contract under this subdivision, a land right shall be valued at book
9 value, not at market value.

10 3. The commission shall resolve any dispute over the contribution of a land
11 right under subd. 1. or 2., including a dispute over the valuation of such a land right,
12 unless a federal agency exercises jurisdiction over the dispute. During the pendency
13 of any dispute that is before the commission or a federal agency, the transmission
14 company shall be entitled to use the land right that is the subject to the dispute and
15 shall be required to pay any compensation that is in dispute into an escrow account.

16 **SECTION 2335uj.** 196.485 (6) of the statutes is created to read:

17 196.485 (6) ELECTRIC UTILITIES, TRANSMISSION DEPENDENT UTILITIES AND RETAIL
18 ELECTRIC COOPERATIVES. No later than the first day of the 12th month beginning after
19 the first public utility affiliate files a commitment under sub. (5) (a) 2.:

20 (a) An electric utility, other than a public utility affiliate, may transfer all of its
21 integrated transmission facilities to the transmission company on the same terms
